

SAND X PRESS

Sand Making Machinery

Due to acute shortage of sand the construction industry is facing lot of problems. Government has imposed restrictions to take sand from rivers, canals etc. Now sand is heavy shortage item in the market. Government is enforcing the law and acting very strictly the builders are unable to procure and sand from natural resources. To avoid the hardship in the construction industry the alternative is generating the sand through stone crushing and sand making units.

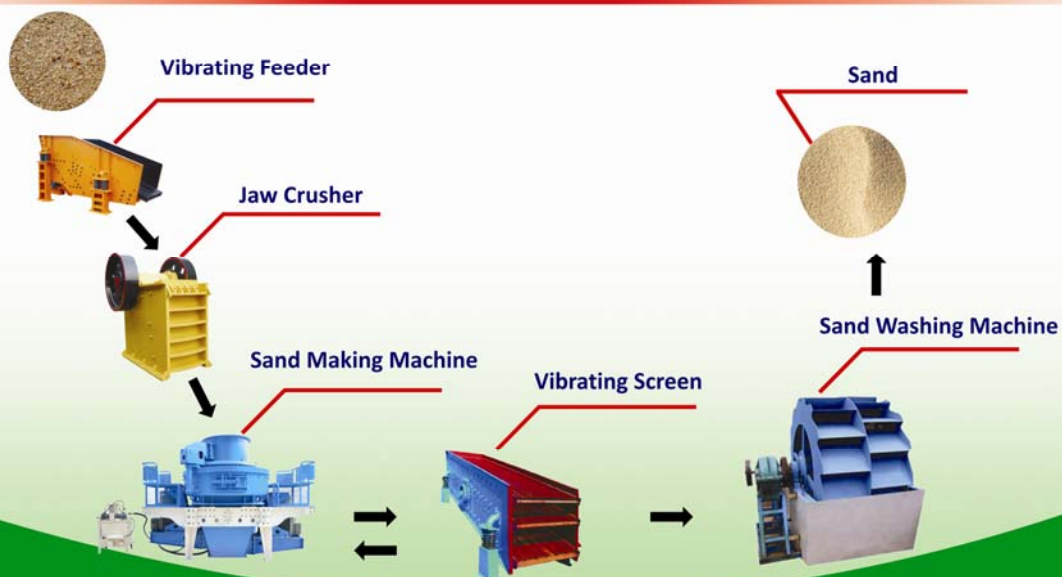

The latest technology for sand making is VSI technology.

We Supply the following capacity of Sand Making Units

- Sand Xpress 50 - Per Hour 50 Tonnes Capacity
- Sand Xpress 10 - Per Hour 100 Tonnes Capacity
- Sand Xpress 150 - Per Hour 150 Tonnes Capacity
- Sand Xpress 200 - Per Hour 200 Tonnes Capacity
- Sand Xpress 300 - Per Hour 300 Tonnes Capacity
- Sand Xpress 400 - Per Hour 400 Tonnes Capacity
