

# NON-WOVEN X PRESS

## Automatic Multi-function Non-Woven Bag Making Machine

### Performance & Characteristics

This machine equips computer orientation, photocell tracking and man machine interface touchscreen operation adopts high wave band ultrasonic heat combining elements; make up of the functions with bag mouth inner folding, ribbon through, stiletto, ultrasonic heat-combining cold cutting etc. It's the advanced machine to produce all kinds of Non-Woven fabrics handle shopping bags, shoes bags, fashion t-shirt bags 15-50g.

### Fabric Sheet Cutting Machine

#### Technical Specifications

Max Width of Film Roll : 1000, 1200, 1600 mm  
Maximum Cutting Length : 999-1588 mm  
Production Capacity : 30-180pcs/min Power : 1500w  
Weight Of Machine : 700-1000Kgs

### Automatic T Cut Punching Machine

Max Width : 600mm & 800mm  
Sealing & Cutting Length : 999mm  
Sealing & Cutting Thickness : 1-80mm  
Capacity : 40 to 120 pieces/minute  
Total Power : 4.5 kw & 5 kw  
Machine Weight : 900 kg & 1000 kg

### BOX BAG MODELS 600 & 750

Max Bag Width : 600mm & 700mm  
Max Bag Thickness Range : 20-120gsm  
Max Bag Length : 700mm & 800mm  
Product Speed : 40-100pcs/minute  
Total POWER : 11 kw & 11.5 kw  
Machine Weight : 3 Tones & 3.5 Tones  
Dimensions : 9500x1700x2000mm  
9500x2000x2000mm

## NON-WOVEN BOX BAG X PRESS

### Full Automatic Non-Woven Box Type Bag Making Machine

### Bag Making Types with this Machine

Box Type (Three side gusset), Vest Type, D-cut Type, Shoes Bag, Rope Though Type, Flat Type, Loop Handle Bag Type

#### PERFORMANCE & CHARACTERISTICS

Micro Computer control, Stepping Motor, Arbitrary Fixed Length, Accurate and Stable, top Automatically when the Label Lost Photocell Tracking, Automatic Punching, Automatic Counting and Counting Alarm, Heat-Sealing, Decorative Border, Automatic Constant Temperature, Perfect and Smooth Sealing with EPC Control.

# RICE X PRESS

Full Automatic Non-Woven Rice Bags Cutting & Sewing Machine

## About Non-Woven Bags Cutting and Sewing (Stitching) Machine

This machine is for Non-Woven Fabric Bag Automatic Bottom Sewing and Side Sewing, Automatic Cutting also. PLC Control, Servo Motor, Auto Tension and Edge Guider. It is our latest machine product. Very popular in market for making Non-Woven Fabric Bags from 100gsm to 180gsm.

# FLEX X PRESS

2 Color, 4 Color, 6 Color & 8 Color Flexographic Printing Machines

High Speed 4, 6, 8 Color Flexographic Printing Machines

## Multi Color Printing Solutions

The structure is simple and compact, which only occupies a small area. Multi Color/Special Colors with CMYK can be realized. The operation is simple and Color process accurate with 6 Color Printing machine, Two groups of special colors are added based on the original four color printing. It features rich printing colors, high-quality printed matters and high printing speed.

2 Color Flex Machine

4 Color Flex Machine

4 Color HS Flex Machine

6 Color HS Flex Machine

Non-Woven Fabric Making Machines

Model 1600 - 1500 Tonnes / Year  
Model 2400 - 2100 Tonnes / Year  
Model 3200 - 3000 Tonnes / Year

Fabric Slitting Machine

Small to Maximum size rolls slitting

Non-Woven Fabric Grinding Machine

Useful to grind waste Non-Woven Fabric

### Multi Color Printing Machine

### Various Sample Bags

### Handle Fixing Machine

### Ultrasonic Sealing Machine

### Spot Welding Machine

### Hydraulic Punching Machine
